Subject: Request for Cooperation in Conducting Baseline and Village Survey under Unnat Bharat Abhiyan

Respected Sir/Madam,

With respect to above mentioned subject, I am writing to seek your valuable cooperation and support for the successful implementation of the Baseline and Village Survey in our adopted village under the Unnat Bharat Abhiyan initiative.

Unnat Bharat Abhiyan, launched by the Government of India, is a noble endeavour aimed at holistic rural development, with a focus on promoting sustainable development and improving the quality of life in rural areas. Our village, Nagnur has been fortunate to be a part of this transformative initiative.

The Baseline and Village Survey is an essential step in understanding the existing socio-economic and infrastructural conditions of our village. It will serve as a critical reference point for planning and executing development projects that align with the needs and aspirations of the local community. Through this survey, we aim to identify key challenges, resources, and potential areas of improvement, which will ultimately guide us in formulating effective development strategies.

We understand that your office plays a pivotal role in the local governance and administration, and your cooperation will greatly enhance the effectiveness of this survey. We are committed to working closely with the Gram Panchayat to ensure that the survey process is transparent, unbiased, and truly representative of the village's needs and aspirations.

We believe that through our joint efforts, we can pave the way for meaningful and sustainable development in our adopted village. We look forward to your positive response and cooperation in this noble endeavour.

Thank you for your attention and support.

Sincerely,

(Prof. Arpita Patil)

Respected Sir/Madam,

When we have gone through the survey in the village and baseline household, we found some of the observations with the help of local people and their statements. So of them we found good like availability of roads, banks, health centers, schools etc. Some of them are facing difficulties in their area and houses. The following common problems are listed during survey. The purpose of the surveying the village is to assess facilities, awareness, difficulties, process and pattern of rural changes and also by means of repeated survey in the selected Nagnur village.

Observations & Summaries made during Village & Household Survey of Unnat Bharat Abhiyan

Sl.No	Common problems	Observations	Summary
1	Technology to village	Computers and laptops are new way of work in the city but village students hardly get to use of computers and skill for use of it	School students needs to be trained for learning features of computer such as use of Paint, MS Office interestingly so their curiosity towards technology will increase
2	Economic Uplifting of People using technology	After Demonetization farmers facing problems during selling agriculture products in markets.	Villagers need to be trained to the use of e wallets, and banks accounts through smart phones and feature mobile phones too.
3	Water Supply	Areas & houses have scarcity of water connections	Water connections & utilization to be done properly.
4	Toilet Rooms & Sewage/ Drainage Supply	Areas as well as houses also have scarcity of toilet rooms and sewage/drainage connections.	Toilet rooms to be constructed & sewage / drainage to be done properly.
5	Internal roads	Internals roads are small	Roads to be repaired
6	Government Schemes	People have lack of knowledge on savings &	Awareness should be given on different schemes & Yojana's.
