Subject: Request for Cooperation in Conducting Baseline and Village Survey under Unnat Bharat Abhiyan

Respected Sir/Madam,

With respect to above mentioned subject, I am writing to seek your valuable cooperation and support for the successful implementation of the Baseline and Village Survey in our adopted village under the Unnat Bharat Abhiyan initiative.

Unnat Bharat Abhiyan, launched by the Government of India, is a noble endeavour aimed at holistic rural development, with a focus on promoting sustainable development and improving the quality of life in rural areas. Our village, ^{Kadoli} ~~Kadoli~~ has been fortunate to be a part of this transformative initiative.

The Baseline and Village Survey is an essential step in understanding the existing socio-economic and infrastructural conditions of our village. It will serve as a critical reference point for planning and executing development projects that align with the needs and aspirations of the local community. Through this survey, we aim to identify key challenges, resources, and potential areas of improvement, which will ultimately guide us in formulating effective development strategies.

We understand that your office plays a pivotal role in the local governance and administration, and your cooperation will greatly enhance the effectiveness of this survey. We are committed to working closely with the Gram Panchayat to ensure that the survey process is transparent, unbiased, and truly representative of the village's needs and aspirations.

We believe that through our joint efforts, we can pave the way for meaningful and sustainable development in our adopted village. We look forward to your positive response and cooperation in this noble endeavour.

Thank you for your attention and support.

Sincerely,

Respected Sir/Madam

With the concern of the local peoples of Kadoli and own observation, we made a basic description of the village. We observed and recorded the basic needs of the peoples. The purpose of the surveying the village is to access the pace, process and pattern of rural changes by means of repeated survey in the selected Kadoli village.

Summary of the observations made during village & Household Survey of Unnat Bharat Abhiyan

Going through the process of survey, we came across so many problems such as

1. Lack of water supply to the most of the houses. This is also be caused by scarcity of water, overuse of water, pollution of water etc.
2. No proper drainage systems, which may cause disease spread over person to person
3. Interruption in electricity supply to the farms and houses, there is discontinuous electricity supply throughout a day.
4. Lack of playgrounds for children of village, many of them play on roads.
5. Unemployment of peoples, most of the peoples work in farm. They have agricultural knowledge but lack of technological knowledge that is to be used for agriculture.
6. Lack of knowledge regarding the government schemes that helps to the farmers and poor peoples.
7. No community toilet facility and no proper waste collection system.

Action Plan for the observations made during Village and Household survey of Unnat Bharat Abhiyan

As per the observations during the survey, we were able to analyse few points on which the village is lacking behind and need to be work upon.

1. Water Supply System: Due to scarcity of water, the water conservation technique is to be developed in the village.
2. Drainage system: The proper drainage system is to be developed throughout the village so that to maintain the village clean and avoid the spread of various diseases.
3. Electricity Interruption: Develop and suggest the system to the peoples which capable to provide the continuous power supply to the farms and houses so that to avoid the interruption in the power supply.
4. Toilet facilities and waste collection system must be made appropriate and up to date for betterment of their life style & health.
5. Create periodic awareness on government schemes to the peoples and helps them to grab the facilities provided by the government.

There are many more problems for which solution must be taken seriously for betterment of people and development of the village.
